

On the Total Tickets platform, clients can set up subscriptions on their events that can be payed by direct debit.

To set this up go to the subscriptions link on the event menu. Clicking on this link will take you to the event subscription page.

Click on the create subscription button to create a subscription for an event. You can choose between weekly, monthly or yearly subscriptions and you choose an exact date for the money to come out as well.

The subscription payments are payed through Direct Debit
